Performance optimization
checklist

Optimize for
 Higher conversion rate

1
 Use LinkedIn Lead Gen Forms

Why
 →
 Lead Gen Forms can drive up to 5x higher conversions vs external landing pages.

How
 →
 Use a maximum of 3-4 fields for higher completion rates.

→
 Keep custom questions simple and easy to answer.

Create Lead Gen Form

Form details

Lead details

Data privacy

Confirmation

Lead details

First name

Last name

Email address

Contact

Work

Company

Education

Demographic

☐ Job title

☐ Job function

☐ Seniority

Optimize for

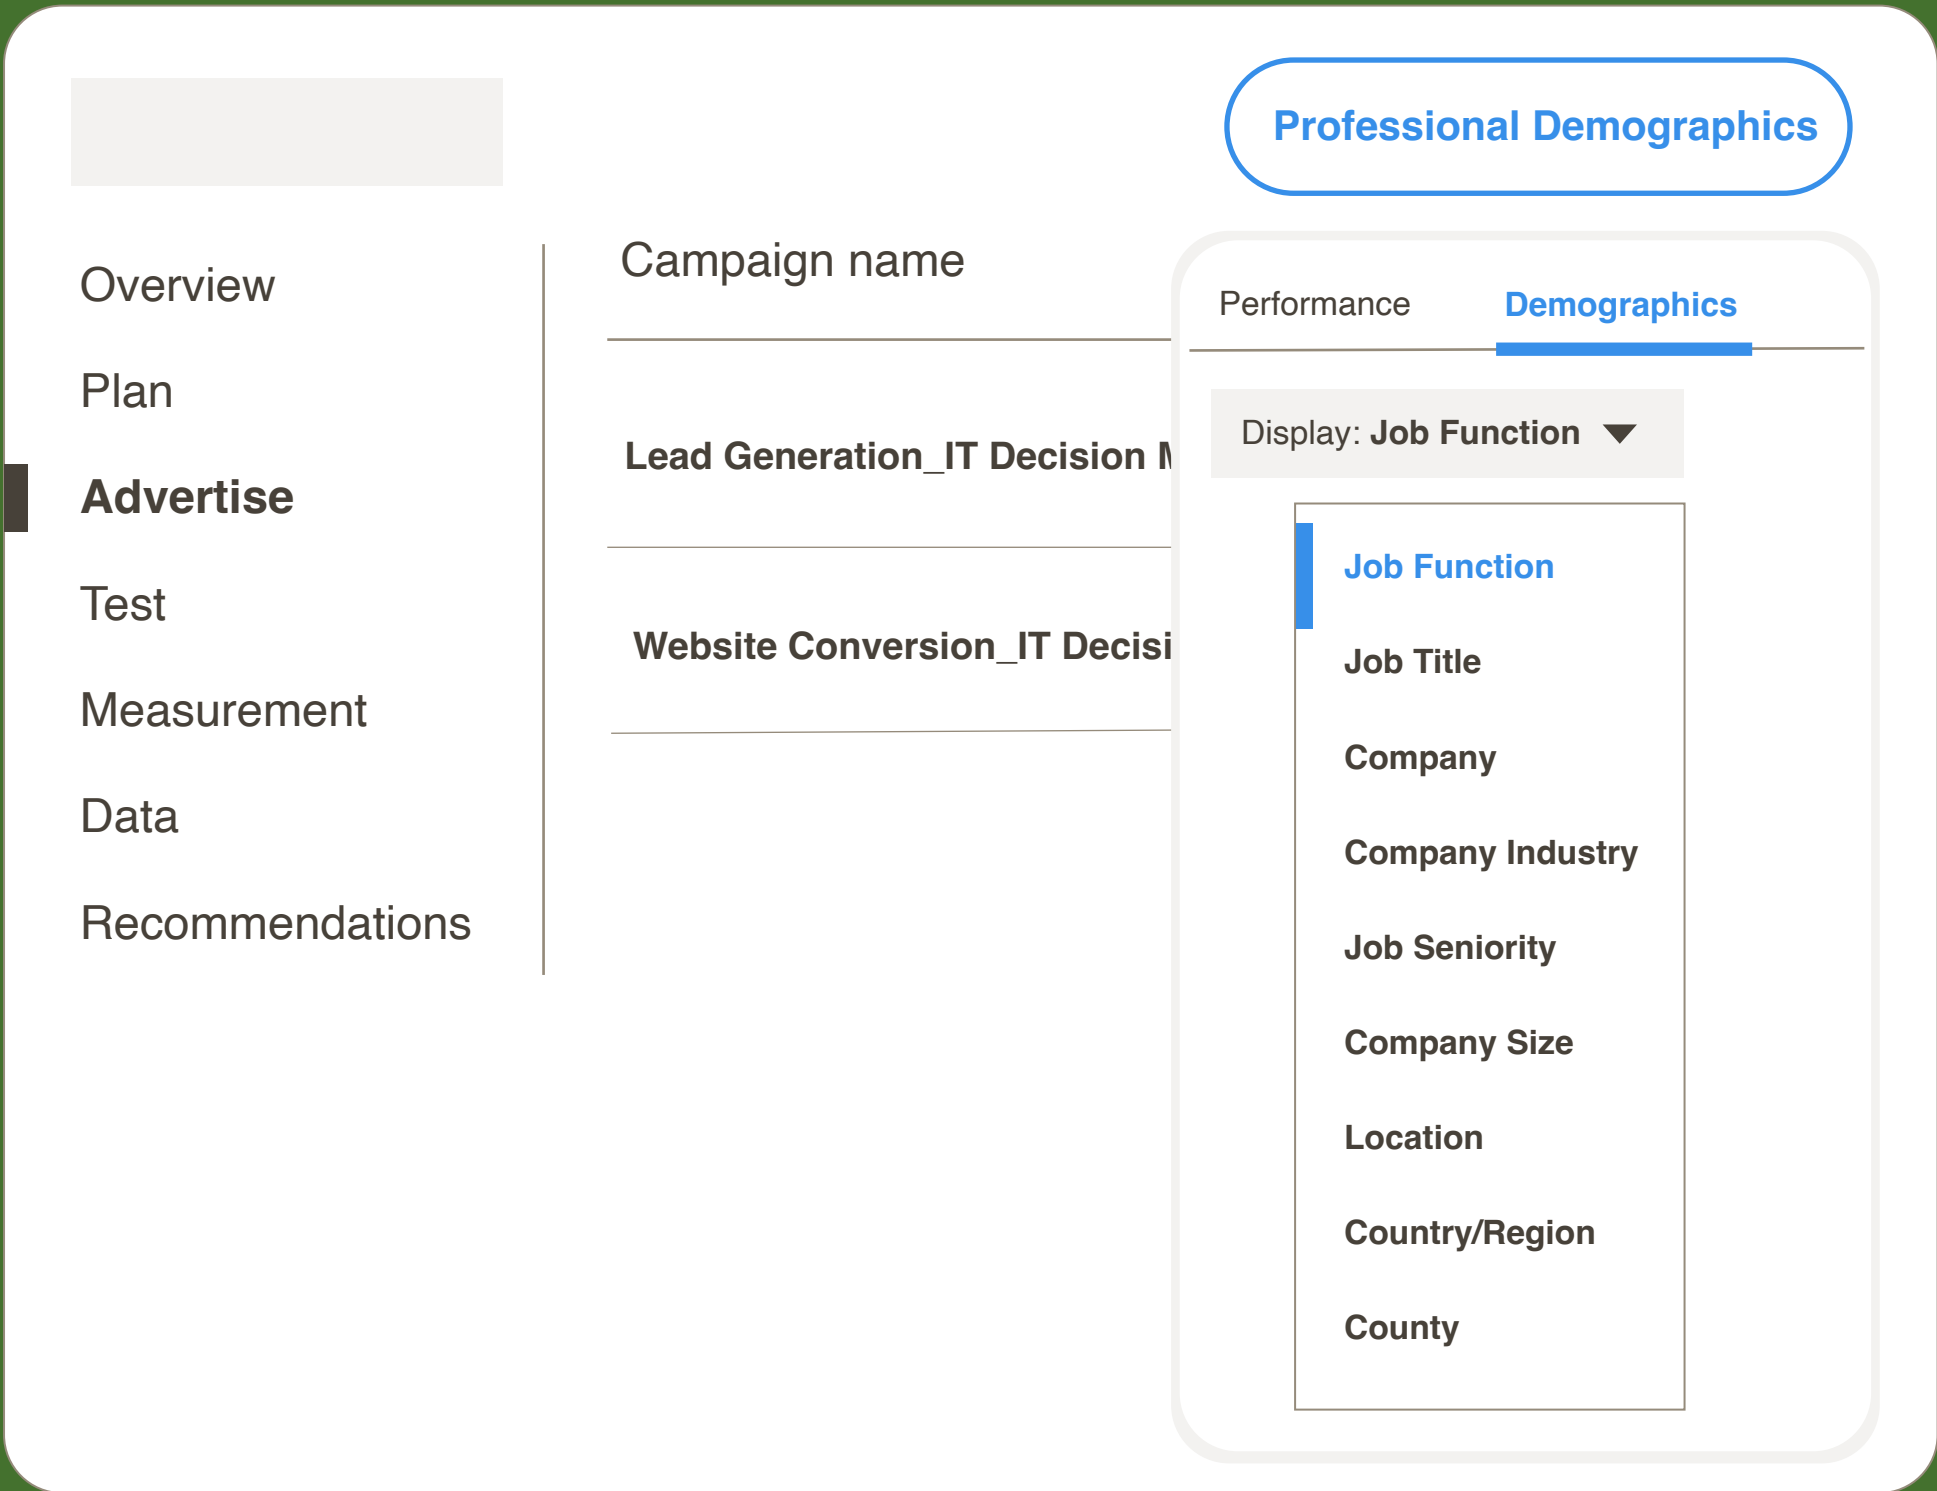

Higher conversion rate

2 Model after your best leads

Why → Target audiences who have similar profiles to your best leads.

How → Review campaign demographics to identify your best leads.

→ Refine your targeting to focus more budget on this audience.

Optimize for Higher conversion rate

3 Ensure message consistency

Why → Create a seamless journey that reduces drop-offs.

How → Check for disconnects between your ad and form/landing page.

→ Ensure that the call-to-action in your ad matches the promise in your form/landing page.

The image shows a side-by-side comparison of a LinkedIn advertisement and a landing page form, highlighting the importance of message consistency. On the left is a LinkedIn ad for 'Business name' (Promoted). The ad features a blue header with the business name, a sub-header 'Experience the power of our solution', an illustration of a person working at a desk, and a call-to-action 'Sign up for a free demo' with a link to 'landingpage.com'. At the bottom of the ad is a 'Sign up' button. On the right is a landing page form. It has a blue header, a sub-header 'Sign up for a free demo! Learn how we can help your business.', and four input fields: 'Email address', 'First Name', 'Last Name', and 'Company Name'. At the bottom of the form is a 'Submit' button. The visual elements and text in the ad and form are consistent, reinforcing the message of a seamless user journey.

Optimize for

Lower cost per conversion

1 Weigh cost against quality

Why → High quality leads may justify higher cost as they are more likely to convert into revenue.

How → Use a lead scoring model to assess lead quality.

→ Compare lead quality from LinkedIn against other channels, not just cost per lead.

→ Maximize lead quality from LinkedIn by excluding irrelevant profiles from your targeting.

Lower cost per conversion

2 Build nurture funnels

Why → Warm up audiences and improve conversion readiness for more efficient lead generation.

How → Create top- and mid-funnel campaigns to build awareness and deepen consideration before driving leads and conversions.

3

Switch to cost cap bidding

Why
 → Greater control over your cost per result.

How
 → Change your bidding strategy to ‘cost cap bidding’.

→ Bid higher than the recommended amount to prevent under-delivery.

Bidding strategy

- ☐
Maximum delivery

Get the most results possible with your full budget
- ☒
Cost cap bidding

Get as many results as possible while staying under your desired maximum cost per result

USD
 213.31

cost cap per lead

We recommend a cost cap of at least USD 213.31. Similar advertisers are spending between USD 135.08 - USD 461.42 per lead.
- ☐
Manual bidding (enhanced)

Get the most results possible with your bid

Optimize for

More landing page clicks

1 Analyze your website visitors

Why → Understand the demographic profile of your existing visitors.

How → Install the LinkedIn Insight Tag.

→ Replicate the demographic profile of your visitors to target people likely to visit your website.

You can also use the Insight Tag to:

★ Track Website Actions like page visits and button clicks.

★ Retarget website visitors.

2

Retarget engaged audiences

Why
 → They’ve already shown interest in your brand/solution.

How
 → Create retargeting audiences from people who engaged with your ads but didn’t click.

→ Test different messages or incentives to drive action.

Optimize for

More landing page clicks

3 Improve ad effectiveness

Why → Ads that resonate with audiences are more likely to drive action.

How → Incorporate keywords that your audience uses/searches for in your ad copy to strengthen relevance.

→ Include your URL in your ad copy for an additional click opportunity.

→ Keep your ad copy concise for higher clickthrough rates.

Optimize for

Greater campaign reach

1 Activate LinkedIn Audience Network

Why → Improve reach and frequency by showing your ads to your target audience when they visit trusted apps and sites outside LinkedIn.

How → Enable 'LinkedIn Audience Network' under Placements in campaign setup.

- ★ Supports Single Image, Carousel, Document and Video Ads only.
- ★ Use brand safety controls to manage where your ads are displayed.

2 Bid with maximum delivery

- Why**
- Automatically adjusts your bids for maximum results from your full budget.
 - Ensures your bids are competitive enough to reach quality audiences.

- How**
- Set your bidding strategy to ‘maximum delivery’.

Bidding strategy

- ☒
Maximum delivery
 Get the most results possible with your full budget
- ☐
